

CONSTITUTION OF MAINE

Article IX.

General Provisions.

Section 21. State mandates. For the purpose of more fairly apportioning the cost of government and providing local property tax relief, the State may not require a local unit of government to expand or modify that unit's activities so as to necessitate additional expenditures from local revenues unless the State provides annually 90% of the funding for these expenditures from State funds not previously appropriated to that local unit of government. Legislation implementing this section or requiring a specific expenditure as an exception to this requirement may be enacted upon the vote of $2/3$ of all members elected to each House. This section must be liberally construed.
