

Helpful MainePERS resources for Members whether new, mid-career or nearing retirement

Online Education Sessions are Available for MainePERS Members

Do you want to find out more about your MainePERS pension benefits? MainePERS offers several different planning sessions for State employees, Teachers and Participating Local District (PLD) members.

Introductory Educational sessions are tailored to new and mid-career members.

Ready to Retire sessions are for members who have already received an estimate from MainePERS and are planning to retire within the next year.

A **Special Plan session** is geared toward mid-to-late career State or PLD employees who are participating in a Special Plan with their employer.

All of these sessions are offered in a webinar format, so participation is easy and no travel is required.

Sign up to learn about your pension plan and how it can fit into long-term retirement planning. Additional details including how to register for one of these 60 minute sessions can be found on our website 24/7 at the following locations:

State Plan Members, including State Special Plans at www.mainebers.org/statesessions

Teacher Plan Members at www.mainebers.org/teachersessions

PLD Plan Members, including PLD Special Plans, at www.mainebers.org/pldsessions
