 Returning to Work Who Have
 Not Reached Normal Retirement Age**

Once you retire, if you go back to work in a job with MainePERS coverage, there are limits on when you can return, how much you can earn and for how long you can work. These limits change once you reach your normal retirement age (usually 60, 62 or 65). The table below shows the limits that apply if you return to work with the same employer* now, or after you reach retirement age.

¹PLD Retirees: While you no longer pay retirement contributions, a separate payment is required during the period of re-employment. The rate is the greater of 5% or the aggregate unfunded actuarial liability (UAL) rate of the Plan. It is up to the employer and employee to determine who will pay this rate, but the employer remits the funds to MainePERS.
