

What is Dependent Group Life Insurance Coverage?

Losing a family member can be overwhelming, both emotionally and financially. Dependent life insurance provides a financial benefit to lessen the burdens you may feel with the loss of a dependent.

Dependent life insurance helps you transition through a loss by contributing to immediate and short-term financial needs. Common reasons for purchasing dependent insurance include replacing lost income or to cover final expenses.

Dependent Group Life Insurance Coverage is an option in the MainePERS Term Group Life Insurance provided through our carrier.
